

RediBulk™ - 'the retail ready display solution with mass benefits'

The RediBulk™ display from Encase combines bulk transit with retail ready display. Eliminating costly in-store decanting, RediBulk™ delivers instant display potential.

RediBulk™ provides an in-store solution for bulk product by maximising display potential whilst delivering a quality performance transit medium.

With a variable foot print from 1200 x 1000 standard pallets through to 800 x 600 dolly bases, RediBulk™ combines versatility with strength using high performance corrugated substrates. High quality print options offer brand coordination for visual impact that is a proven means of uplifting sales. Quick and easy to fill and display, RediBulk™ is eye catching and store friendly for the largest and smallest retail environments.

Ideal in-store for:

- Bulk liquids, from detergent to water
- Multi-pack boxes, skillets and trays
- Sacks, bags and oversize product
- Promotional beers, wines and spirits
- Heavy weight fuels and produce
