

RediStore™ - 'modular stacking - the smart and flexible retail choice'

Let the product do the talking with RediStore™ from Encase. Delivering a smart and flexible alternative to traditional display, this modular system is easy to assemble, quick to load and simple to shop.

With a RediStore pack you can be sure your product has the best possible in-store presence. Let your stand out whilst RediStore™ safely and securely takes the load with maximum brand impact. Even the most heavy-weight products are no problem for RediStore™, capable of holding complete loads in excess of 1000Kg with an infinitely variable, store friendly footprint. Eye catching and easy to dispense with 4 sided shopping access RediStore™ is the smart choice for any retailer.

Ideal in-store for:

- Bottles and cans, heavy weight beverages
- Cartons and boxes, multi-pack shippers
- Cans and tins, mixed and single loads
- Sprays and aerosols, short and tall
- Bread and cakes, single and multi-pack
